

## **CONSOLIDATED REPORT ON AMINATOU MBOLE'S MEDICAL EMERGENCY AND POSTHUMOUS ARRANGEMENTS**

### **I. MEDICAL HISTORY AND CIRCUMSTANCES**

Aminatou Mbole was hospitalized for over three months due to meningitis complications. Initially managing her condition privately, she faced significant challenges when requiring her first brain surgery. Despite various interventions and a second surgical procedure, her condition deteriorated, leading to her passing on November 16th, 2024.

### **II. ADMINISTRATIVE MANAGEMENT**

The situation presented multiple administrative challenges, primarily with the hospital administration regarding an outstanding bill of over 3.7 million pesos. The hospital's refusal to release a death certificate without full payment or promissory note created a complex situation, particularly in accessing employment benefits and insurance claims.

After extensive deliberations and consultation with her family, cremation was authorized as the most practical solution. Her ashes are currently stored at the Makati Episcopal Church columbarium pending final arrangements.

### **III. COMMUNITY RESPONSE**

The community's response was immediate and substantial, manifesting through multiple fundraising channels including:

- General community contributions
- ACPinc compulsory contribution (Death Management Program for ACPinc members and relatives.
- Church congregation special collection
- Social media fundraising campaign
- Support from various Cameroonian associations

## VI. MEMORIAL SERVICE

A thanksgiving mass was held on March 23rd, 2025, at the Makati Episcopal Church, providing an opportunity for the community to honor Aminatou's memory and celebrate her life.

This report documents the collective effort of a community coming together in crisis, demonstrating extraordinary solidarity and support. While we mourn the loss of our sister Aminatou, we are grateful for the unity and generosity shown by all involved.

Manila, April 23, 2025

Vice-President of ACPinc  
and

Coordinator of Aminatou MBOLE's management committee
